APRIL 2005 ALGEBRA IN MOTION UPDATE ORDER FORM

A MAJOR EXPANSION to Algebra In Motion™ is available (from 66 animations to 127!!)

Additions: 4 graphing grids on 1 screen, signed numbers, tracking composites of functions, Aristotle's Wheel, equation balance, fractions, vertical line test, linear programming, many visual proofs of the Pythagorean Theorem, $\sin(a+b)$, $\cos(a+b)$, and several application animations for vertical teaming from middle school through calculus – balloon, kite, ladder.

If you purchased the *Algebra In Motion™* package with 66 animations (prior to April 1, 2005), the cost to upgrade to the expanded *Algebra In Motion™* package with 127 animations is

- \$60 if you have a basic license (4 on-site computers)
- \$100 if you have an extended license for 20 on-site computers
- \$150 if you have an extended license for 50 on-site computers
- \$200 if you have an extended license to an unlimited number of on-site computers

*Please add \$5 shipping to any of the above costs and, if in California, add sales tax.
You will receive an entirely new and complete set of 127 animations – not just the new ones.
This new CD-ROM will replace your prior one.*

- To order ...
1. Print this page.
 2. Fill in all information.
 3. Enclose check (US \$), purchase order, or MasterCard / VISA information.
 4. Send via postal mail or fax:

Postal Mail:
